Dear Sirs

Re: Planning Application 19/0132

Address: Parcel 4 Land to the west of Malt Kiln Brow Chipping PR3 2GP

Description: Reserved matters approval for the residential development of four new dwellings with associated infrastructure and landscaping.

With respect to this application we would not wish to raise any objections to the principle of the development.

It is noted that a previously approved drawing for the highway access has been mentioned within the key of one application drawings, some of the elements of the application drawings are deemed to supersede the earlier approved drawings, and it is on this basis that these comments are made.

Should you wish to support the application we would wish for the following conditions to be applied:-

1. This consent does not give approval to a connection being made to the County Council's highway drainage system.
2. No part of the development shall be commenced until all the highway works have been constructed to base course level in accordance with a scheme that shall be submitted to and approved by the Local Planning Authority in consultation with the Highway Authority. Reason: To enable all construction traffic to enter and leave the premises in a safe manner without causing a hazard to other road users.
3. For the full period of construction facilities shall be provided within the site by which means the wheels of vehicles may be cleaned before leaving the site. *(There should also be provision to sweep the surrounding highway network by mechanical means if needed.)* Reason: To avoid the possibility of the public

Sue Harper,
Interim Director of Community Services
Cuerden Way • Bamber Bridge • Preston • PR5 6BS

highway being affected by the deposit of mud and/or loose materials thus creating a potential hazard to road users.

4. No development shall take place, including any works of demolition, until a construction method statement has been submitted to and approved in writing by the Local Planning Authority. The approved statement shall be adhered to throughout the construction period. It shall provide for:
 - i) The parking of vehicles of site operatives and visitors
 - ii) The loading and unloading of plant and materials
 - iii) The storage of plant and materials used in constructing the development
 - iv) The erection and maintenance of security hoarding
 - v) Measures to control the emission of dust and dirt during construction
 - vi) A scheme for recycling/disposing of waste resulting from demolition and construction works
 - vii) Details of working hours
 - viii) Routing of delivery vehicles to/from site

Should you wish to discuss the matter further, please do not hesitate to contact me by email or by telephone on 01772 531202.

Yours faithfully

Simon Hardie
Highways Development Control
Lancashire County Council

Notes

1. The grant of planning permission will require the applicant to enter into an appropriate Legal Agreement, with the County Council as Highway Authority. The Highway Authority hereby reserves the right to provide the highway works within the highway associated with this proposal. Provision of the highway works includes design, procurement of the work by contract and supervision of the works.
2. The alterations to the existing highway as part of the new works may require changes to the existing street lighting at the expense of the client/developer. Contact should be made with Paul.Allen@lancashire.gov.uk on 01772 539568 to discuss any street lighting issues.
3. The developer should be aware that the any works on, or immediately adjacent to the adopted highway network, would require the appropriate permits from Lancashire County Council's Highways Regulation Team, who would need a minimum of 12 weeks' notice to arrange the necessary permits. They can be contacted on lhsstreetworks@lancashire.gov.uk or on 01772 533433

4. The new site access and associated street light works will need to be constructed under a section 278 agreement of the 1980 Highways Act. The Highway Authority hereby reserves the right to provide the highway works within the highway associated with this proposal. Provision of the highway works includes design, procurement of the work by contract and supervision of the works. The applicant is advised to contact the Community Services before works begin on site. Further information and advice can be found at www.lancashire.gov.uk and search for 278 agreement.
