Dear Madam

Your Reference: Application Number 3/2019/0541
Location: Plane Tree Farm, Chipping Road, Chaigley BB7 3LT
Grid Ref: E 367732 N 441971
Our Reference: TH/HJS/NA1523/RIB008
Proposal: Construction of roofed cattle slurry storage facility

Thank you for your letter received by email of today's date.

The proposed installation, at approximately 40metres, appears to be located in the Inner Zone of the above Major Accident Hazard Pipeline as defined by the HSE development control guidelines (PADHI – HSE's Land Use Planning Methodology document).

In terms of the safety and engineering integrity of the pipeline I would advise that the developer must consult SABIC should any work within 50 metres (notification zone as required by operators of Major Accident Hazard Pipelines) is to be carried out, as this would need approval from ourselves before any work is commenced.

For your reference, I have enclosed a map that shows the location of our apparatus within the current LUP Planning Consultation Zones.

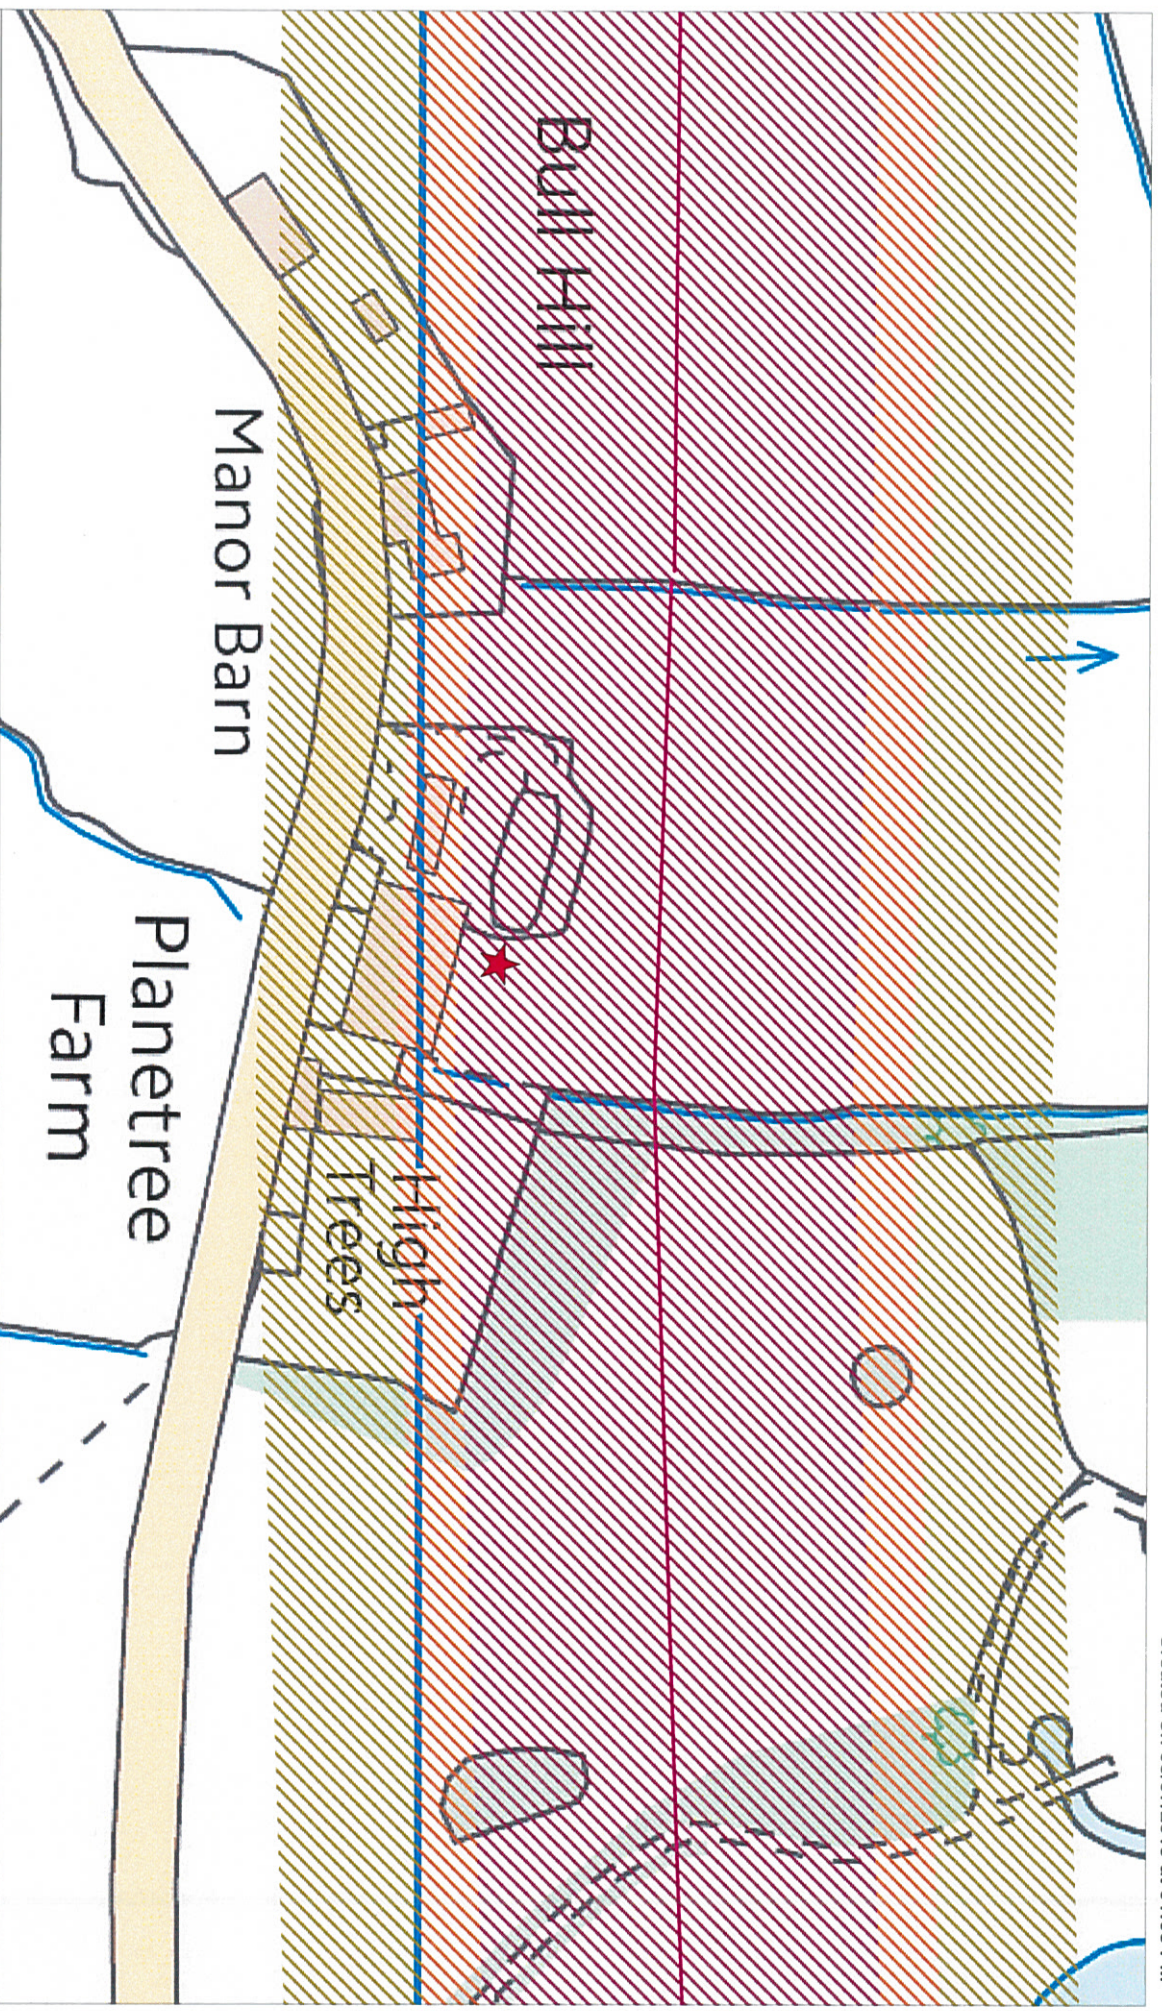

Yours faithfully

Thomas Hawkesworth
CCPL NW Team Leader
SABIC UK Petrochemicals Ltd
