Longridge Town Council would like to object to the above planning permission for the following reasons:

- (i) Overdevelopment of a residential area
- (ii) If planning permission is granted it will set a precedent for planning permission to be granted through existing hammer head turnings in cul de sac locations in Longridge.

If planning permission is granted Council would like the planning authority to consider placing conditions on the application to ensure access is maintained for the existing residents in the area during the works.
