**Subject:** Planning Application 3/2020/0142 - Golf Club

Pendleton Parish Council would state as follows in connection with the above:

1. The project should have some landscaping behind the proposed building, of high growing trees to hide the driving range from the homes at the top of Whalley Rd.
2. The original low level lighting is more appropriate, and the original times of 8am-8pm be reinstated, due to the close proximity of these properties.
3. It would be appropriate on this occasion for the application to be looked at by committee.

Pendleton Parish Clerk on behalf of  
Pendleton Parish Council
