Following consultation with members of the parish council, and a site visit by one member of the parish council, the parish council wish to lodge an objection to this planning application for the following reasons: -

1. it is a large number (these trees are helping against climate change if any are alive) could the parish council have some evidence that this many tree's are diseased? Has the Tree Officer made an inspection of the area?
2. a replanting scheme to be included and the parish council would like assurances if full replanting proposals were not included
