Following consultation with the members of the parish council the following points were raised: -

- Concern was raised by members of the parish council that 3 permanent houses being the end plan of this application, not holiday lets as per the description.
- Objections were raised by members of the parish councils who felt that with the speed of the traffic on North Cote road, a 40-mph zone is already a dangerous road, and that the introduction of a new junction on what is already a busy road used by many motorists and more importantly equestrians, is dangerous.
- That this application would result in the loss of green space.
