The Parish Council are concerned that the information provided by the Planning Department was seriously lacking in information (Covenants signed by RVBC) and that this impaired the initial decision of the Parish Council.

There appears to be legally agreed Covenants signed by RVBC which impact negatively on this application.

There is very strong local objections to this application based upon the aforesaid legal permissions, traffic, noise and light pollution and the removal of free public recreational space.

Billington and Langho Parish Council therefore rescind its earlier position and now strongly object to this application until all the above concerns are addressed.
