3/2020/0591 Proposed single storey extension and bay window installed. Conversion of garage into a habitable space at Homeacre Lovely Hall Lane Copster Green

Salesbury Parish Council object to the above application.

However, should permission be granted SPC would ask ,in relation to the garage conversion ,to habitable space that a condition is attached stating that the building is ancillary to the main dwelling and should not be sold or rented as a separate dwelling.

Kind regards

Lesley Lund  
Clerk to the Council
