Details of the pre-application advice received

The application was for large bi-fold glass doors at ground level, Juliet balcony, roof, and bathroom windows. Comments received said that the proposal was excessive. The existing fenestration follows a distinct pattern limiting the size of doors and windows and including lintels and sills.

This proposed application has considered the comments and proposed a much-reduced impact using existing door positions and where this is not possible to maintain the rhythm of the fenestration and where this is not possible (on the road elevation) it has introduced windows that match the same style and appearance of the existing windows to create a balance elevation. They have also been positioned to ensure that they do not obscure existing features. A low profile roof window is proposed that minimises any impact to the roof.

### 11. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

Yes  No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
