Billington and Langho wishes to object to planning application 3/2020/0694 for the following reasons:-

1. The number of tree's that are to be felled Brockhall Village is a small housing estate that this seems like a very large number of trees over a small area.
2. The parish council would like a professional assessment to ensure that these trees are deemed dead or dangerous.
3. The parish council wishes for replanting with appropriate new trees.
4. As Ribble Valley markets itself as a "rural area" I would say attractive replacement tree planting should occur wherever possible and in keeping with stated recent Government ideals of beauty and sustainability and should be positively encouraged on every new development.
