Existing Rear & Side Elevation
(1:100 at A3)

Rear Elevation

Side Elevation

Proposed Rear & Side Elevation
(1:100 at A3)

NOTES

Safe removal of the existing asbestos cement roof sheets to be undertaken by a LARC. To be followed by fitting of fibre cement roof sheets, big 6 profile fit fixed to the existing timber structure. Include for galvanised steel fixings to peaks with neoprene gaskets and waterproof caps.

Provisional allowance for refixing of 40 no. slipped stone roof slates to the main house roof slope.

Proposed installation of new ventilation to external wall of the café extension kitchen area and allow for weatherproofing louvre.

Further information can be found in the specification in section 3.00 schedule of works.
