Hand-drawn cross-section diagram of a roof structure. The diagram shows a gabled roof with a vertical wall on the left and a sloped roof section. A red line indicates the roof slope, with an angle of 30° marked. Dimensions are given in meters (m). The vertical wall height is 1800 m. The roof slope is 1500 m. The horizontal distance from the wall to the peak is 1800 m. The horizontal distance from the peak to the right edge is 127,55 m. The horizontal distance from the wall to the right edge is 130,15 m. The vertical height of the roof peak is 135,00 m. The vertical height of the roof edge is 125,00 m. The vertical height of the roof edge is 126,00 m. The vertical height of the roof edge is 127,00 m. The vertical height of the roof edge is 128,00 m. The vertical height of the roof edge is 129,00 m. The vertical height of the roof edge is 130,00 m. The vertical height of the roof edge is 131,00 m. The vertical height of the roof edge is 132,00 m. The vertical height of the roof edge is 133,00 m. The vertical height of the roof edge is 134,00 m. The vertical height of the roof edge is 135,00 m.
