Re: Ash trees: Land at Clerk Laithe Lodge, Newton-in-Bowland, Lancashire.

Dear Sir / Madam / To who it may concern,

Following our survey of the site on June 15th 2020, I can confirm that all the ash trees on site were suffering ash dieback and should be removed. It is our understanding that the landowner will be removing these trees and replacing them with native species.

If you require clarification on any issue, please contact me at our Bolton office address.

Yours sincerely

Robert N. Leatham
