This application falls within the purview of Longridge Council and no notification was received in respect of the proposed change of use by Hothersall Parish Council. The concerns of residents on Alston Lane (within Hothersall) have come to the attention of the Parish Council. It is noted that the closing date for comments has long passed, but also that as of today no decision is recorded on the Planning page of the website.

For the record, Hothersall Parish Council would like it noted that it fully supports the objections already registered by the residents who will be affected by such a change. The noise nuisance is of particular consequence, but the various points made about traffic and road safety are also highly pertinent.

Kindest regards
Deb Groves
