FAO Adam Birkett

Please substitute my email of 1 March on behalf of Thornley with Wheatley PC with this email.

Thornley with Wheatley PC has considered this planning application and noted that the Planning Statement attached to the application (the erection of a single lodge on agricultural land and formation of improved access No 3/2021/007) indicates that part of the application is aimed at providing temporary accommodation to allow works to be carried out on Smithy Cottage, after which it would become a holiday let. The Statement goes on to explain that the proposal is to develop a small part of the agricultural land for a brand new Swift Toronto twin unit lodge style holiday accommodation. Initially the plan is for one unit but there is potential to increase this to 2/3 units in order to make the application fit for approval.

I have now been informed that only one Parish Councillor does not agree with this planning application.

Kind regards

Carol Ansbro Clerk to PC
