Hi Laura As discussed please find attached photos from from 9 years ago showing the 8ft drop next to the property. Also see below screenshot from the document on your website showing the plans that shows the location of the garage of plot 13 for planning application "Application 3/2021/0076". My concern is that location of that garage and the process of building it could damage or Please can you consider and let me know your thoughts. Many thanks

Planning
