After consultation with all members of the parish council, we submit the following objection to application 3/2021/0130.

After viewing the fencing at the location, the high fencing is totally out of character with all the surrounding properties. All the estate has no or very low fences resulting in an open aspect to all the houses. Concern was raised as to if there was a covenant restricting the placement / height of the fencing here.

The parish council would like this fencing removed. Attached are photos of the fencing.
