4. Description of Proposed Works

Please describe the proposed works:

Small extension to ground floor to add a porch to connect garage to house
Changed roof profile at 1st floor to improve insulation and pitch of roof
Nett increase in floor space 6 sq mt. 2.8%

A previous application was refused based on Scale, Size and impact - this application reduces the nett increase in floor space to 6 sqmt. The roof has also been lowered and is now subservient to the main roof. This application is tiny in scope and seeks to improve the utility and insulation levels of a poorly conceived layout.
