10 Feb 2021

### Description

Ms Cowdall, Hodder Place, Hodder Court, Stonyhurst

#### Exterior Stonework

The existing lime pointing to all the ashlar stonework, heads, cills, corbels etc is very weathered out and in some places non existent. There have recently been problems with water ingress. We would recommend all stonework to be re-pointed in lime based mortar 3 parts fine washed sharp sand, 1 hydraulic lime to all stone elevations.
