OFFICIAL

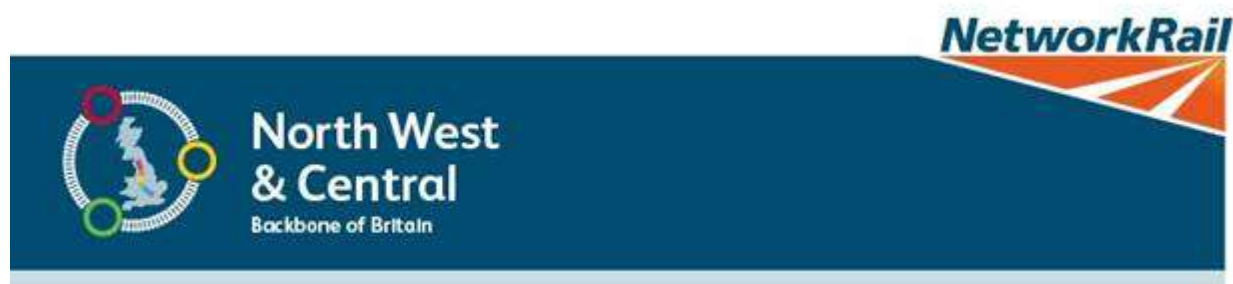

Good morning John,

I understand you have spoken with my colleague Mark Billington regarding Network Rail's works at the Brownhill bridge, regarding the removal of the cast iron parapets. I understand that you have stated agreement for the bridge's cast iron elements to be removed permanently.

Could you please advise on how you would like to authorise this change from a planning perspective? The works were initially approved via a Prior Approval application under Part 18 GPDO. If you are in agreement for this to be documented via exchange of emails that would be appreciated, but happy to discuss.

Kind regards,

Michael Gradwell
