To Whom It May Concern,

We are re-submitting our concerns about this development, as none of the previous ones have been addressed in the updated plans.

Location

## Light and Noise

Because the space being used to add so many additional dwellings is relatively small, the noise and light from these new houses will be difficult to ignore by everyone currently living in homes surrounding this area (of which there are many).

Parking

There will no longer be space for residents, patrons, and staff of the pub to park. The current car park and overflow parking area will disappear, potentially resulting in people parking illegally on the street

). As well as being illegal, this is a nuisance and will also cut off visibility for those residents using the drive into the new estate.

Signed,
