

# Clitheroe Golf Club Ltd

Whalley Road, Pendleton, Clitheroe BB7 1PP

Dear Mr Macholc,

**Clitheroe Golf Club Planning Application 3/2021/0332**

With reference to the above, in the first instance thank you for holding the application for further information.

As your email request of the 29<sup>th</sup> March 2021, I enclose 3 copies of the following amended and supplementary documents:

- Revised document number CGC/SFDOC/2021/01 rev 1
- Annotated plan showing the distance the fence is from the boundary of the adjacent residential property's gardens dwg no. CGC SF/2021/06 scale 1:250
- Annotated elevation plan dwg no. CGC SF/2021/07 scale: 1:250
- Overall location plan and site plan with red edge line for the fencing and blue edged ownership plan.

We have met with the residents representing 15, 11, 9 and 7 Elbow Wood Drive and also held a further meeting with the club's HSE Consultant.

Following a number of email exchanges and, on the advice the HSE consultant, the club will retain the fence position proposal in its optimum location adjacent to the post and wire stock proof fence on the line of the service access road and banking edge. The club has made one amendment to the original scheme that is to omit the 1.8m high weldmesh fence, at the lower level, to leave a clear opening at ground level with the netting starting at 2m+ height.

Should you require any further information then please contact Kevan Abrahams at
