

**NOTES ON PLANTING**

**1** Topsoil shall be spread to min 450mm depth over planting beds and 150mm depth over turf areas and graded to fall.

**2** Herbicide and Cultivation: Topsoil to be treated with an application of herbicide prior to planting, where necessary, strictly in accordance with the Control of Pesticides Regulations 1986 (or otherwise updated/superseded legislation), and following manufacturer's instructions by qualified staff. The topsoil shall then be cultivated to 150mm depth.

**3** Container Grown Shrubs, Transplants and Whips: Shrubs and transplants shall comply with the National Plant Specification and shall be planted in pits 300 x 300 x 200mm depth, and the backfill shall include 3 litres Peat Free Tree and Shrub Compost. Specimen plants to be planted in a pit 400 x 400 x 250mm depth with 5 litres Tree and Shrub Compost. Hedgerow planting to be planted in a double staggered row at 300mm centres.

**4** Herbicide: Spot treat with herbicide throughout the maintenance period in accordance with the manufacturer's instructions.

**5** Bark Mulch: On completion of all planting works all shrub areas are to be spread with 50mm depth of 10-35mm grade ornamental maritime bark mulch.

**6** Position of Plants: Final position of trees and shrubs subject to confirmation of service location and approval of statutory undertakers.

**7 TREES - SELECTED STANDARDS/FEATHERED TREE** Tree pits for selected standards to be 600x600x600mm backfilled with good quality topsoil. Stakes to be 65mm diameter treated softwood driven firmly into the ground. Stakes to be 600mm above ground level and fixed to tree with suitable rubber tree tie.

**TREES - EXTRA HEAVY STANDARD:** Tree pit 1000x1000x900mm depth with a 150mm depth of clean stone to the base and 750mm depth good quality topsoil. Stakes to be 2nr 100mm diameter with cross bar, treated softwood driven firmly into the ground. Stakes to be 1000mm above ground and fixed to tree with suitable rubber tree tie. For the larger trees 20-25cm girth installed an irrigation pipe (to wrap around the rootball of the tree) and secure the end of the pipe to the tree stake.

**9 Watering:** Plant only into moist soil and water thoroughly to the full depth of soil immediately after planting. Water regularly through the establishment period (minimum 3 months) to prevent dehydration. Tree should be watered in when planted, and at the point of bud burst in the spring and should be continued throughout the spring and summer until the leaves have fallen in autumn. Water should be applied to the base of the tree, evenly distributed over the entirety of the root-ball to encourage even root development. Watering is advised for the first 2 summers after planting, further to this the tree should be able to access water from the surrounding soil. During the height of summer, water should be applied at a rate of 2 domestic bucket fulls (or 20 liters of water) every other day. This figure is the aim to reach during the height of summer and can be gradually increased to this in the spring and decreased before ceasing watering in the autumn.

**LEGEND**

- SOFT LANDSCAPING**
- Proposed Large Trees**  
To be Extra-heavy Standard, 14-16cm girth, 4.5-6m high. To be secured with two timber stakes and fixed to tree with suitable rubber tree tie.
  - Proposed Ornamental Trees**  
To be 12-14cm girth, 2.5m-3.5m high. To be secured with single timber stake and fixed to tree with suitable rubber tree tie.
  - Proposed Small Trees**  
Multi stem small tree 2.5-3.5m high, 30-50L container. To be secured with single timber stake and fixed to tree with suitable rubber tree tie.
  - Proposed Ornamental Shrub Planting**  
To be planted as 3-5L pots at 3-5 per sq.m.
  - Proposed Ornamental Hedge in Front Gardens**  
Proposed ornamental hedge to be planted as 120-150cm height, in 10L pots at 3 per lin.m to provide an instant impact.
  - Proposed Native Hedge**  
Planted in double staggered row, at 30cm centres.
  - Grass to Front / Back Gardens**  
Front and back gardens to be turfed with general amenity turf from local supplier.
  - Grass to Public Space**  
To be seeded.
  - Rough Grassland Retained**
