John/Laura,

I have been authorised to respond to these consultations on behalf of LCC.

Having carefully considered the basis of these applications LCC has NO OBJECTIONS provided that RVBC only considers granting permission (subject as necessary to appropriate conditions and obligations) if it has correspondingly ensured that appropriate measures will be put in place (whether that be the proposed Waddington Fell Quarry or another equivalent acceptable solution) so as to ensure the appropriate handling and management of all of the tunnel arisings/other waste materials that may be derived from the Bowland Section of the replacement aqueduct.

Your sincerely

Steve Ingram
Pennine Planning acting on behalf of LCC.
