

ALL STRUCTURES WOULD BE TEMPORARY UNLESS OTHERWISE STATED AS PROPOSED OR EXISTING

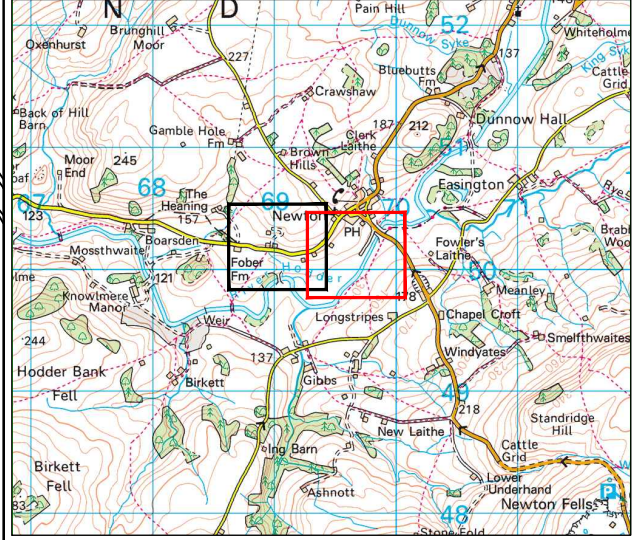

Notes
 Indicative alignment of heras fencing to demarcate active working areas within the compound and shown as a worst case scenario, as alignment likely to change during the works. Acoustic screening to be provided by Contractor during noisy works within overall site extents.

For Compound Access Details refer to drawing RVBC-BO-APP-004-11_01 - 02.

Refer to the Environmental Masterplan within the Environmental Statement [Figure LCC_RVBC-BO-FIG-020-001], for environmental protection and mitigation measures and any proposed temporary closures and/or diversions to PRoW.

Legend
 [Red line] Site red line boundary
 [Dashed line] 1.3m Stock proof post and rail fence
