Dear Sir/Madam,

I refer to the above application and would like to thank you for the opportunity to provide further comment on the proposal. This re-consultation is in regard to the Supplementary Environmental Information (SEI) uploaded to the planning portal in March 2022.

Due to the scale and nature of the application and in particular a need to have due regard for the cumulative impacts of the project during the full period of the proposed construction works, I will be unable to provide my highway observations within the time you have requested. It is also likely that we will be seeking further information from the applicant and their Transport Consultant on a number of matters. Once this information has been provided, to the satisfaction of the Highway Authority, I would expect to provide full comments.
