I cannot believe that you could even consider Route 1. Chatburn is a very busy village, we already have school buses twice a day, along with all the other traffic, it's a nightmare to park at the best of times. The disruption it would cause would be massive to local businesses and the local community and six years, you're having a laugh.

Whoever came up with this preposterous idea clearly doesn't live where the disruption would be. Let's hope common sense prevails and let's go Route 2
