Hi Jane/Sarah, thanks for sending this one through. We don't really need to comment or include SSAFO regs for this one as the slurry lagoons are already in existence. As far as we are concerned this is betterment because the lagoons are being covered so I will let our agriculture team know what the farm are planning.

If I have missed something here and there is an increase in the size of the existing lagoons or new provision, then do let me know and I will take another look.

Best Regards

Carole
