Newly redesigned with a raw industrial theme, boasting a warm yet minimalistic feel

Evoking individuality and purpose, this beautiful design will be sure to take your breath away. In front of the large glass Bi-Fold Doors, framed with full height glazing, the spacious corner sofa takes centre stage to accommodate for family time or even just a cosy evening to yourselves. It's the perfect place to sit and watch the world go by. The modern kitchen with all built-in appliances for the 'Chef de cuisine', is accompanied by a kitchen bar area for the whole family to cook, taste and

socialise!

With a symmetrical layout, both bedrooms are spoilt for space and style with integral, romantic & warm lighting features, designer furniture and fully glazed, double doors that really do work to bring the outside – in. Both bedrooms fittingly, deserve the 'Master Bedroom' label, featuring a king size bed snuggled within the alcoves of the feature wall. Perhaps one of the most impressive rooms in this truly breath-taking lodge is the equal and mirrored

en-suites. Hosting noir fixtures and fittings including a magical double shower with a tremendous roof window above. Such a fabulous addition allows a burst of natural light & offers a tropical experience. Laced with patterned tiles with a feminine edge meeting raw scaffold boarding and monochrome influence, a true spectacle and honestly, eye pleasing.

This bold design captures all the trends of modern life with a luxurious level of class.
