Dear Sir/Madam

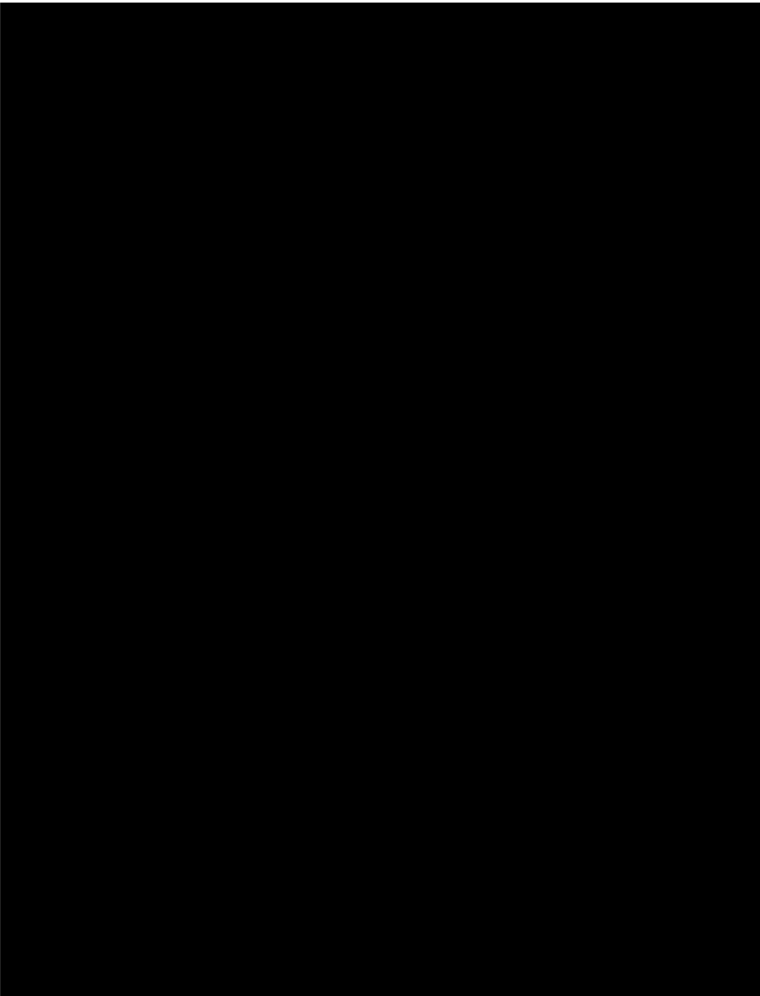

[REDACTED]
I object to the planning proposal as, in my opinion, they are proposing to make a large house which is incongruous to the row of pleasing 1960's bungalows.

According to the proposed plans, the front elevation will "protrude out" & in my opinion, will not only block view of other bungalows but will look rather bizarre & "out of place"

[REDACTED]

Sharon Craig

Subject: Planning Application Comments - 3/2021/0898

Planning Application Reference Number: 3/2021/0898

Address of Development: 3 Moorfield, Whalley.

Your Comments: I would like to object to the above planning application on the grounds that the proposed development will extend beyond the building line of the existing houses and be of detriment to the street scene, undermining the urban fabric [REDACTED] There are numerous examples on Moorfield of how to modernise and improve these bungalows without protruding beyond the existing building line or creating new roof ridges. This proposal does both and will be a permanent reminder of bad and inappropriate design which is not in keeping with the existing street scene. The drawings provided are front elevations which do not highlight the issues that I raise. Elevations looking up or down Moorfield from north to south or south to north would present this proposal in the monstrous state that pays complete disregard to its surroundings. The architectural practise responsible should be ashamed of themselves.
