Hi Laura,

Insulation in a building of traditional construction should be considered carefully. The attached may be of interest:

The IHBC suggests that unintended consequences from retrofitting are common

Subject: Consultation on planning application 3/2021/1041 Flat 5, Hodder Court, Knowles Brow, Hurst Green BB7 9PP

Please will you let Laura Eastwood have your comments on the above planning application? (Please respond to planning@ribblevalley.gov.uk FAO Laura Eastwood)

The application is for fixing thermal insulation to the interior face of the ground-floor rear external wall.
