[REDACTED]

Prior to the application being submitted I discussed the issues regarding the roof colour with [REDACTED] and I am disappointed to note that you have not altered the proposal to use a dark roof colour and give a short time frame to replace the dominant and inappropriate white roof.

Please confirm your intentions and advise me within 5 working days so I can either proceed with a positive recommendation or refuse the application under the Councils delegation scheme. I should advise that if your client is willing to alter the roofing I would expect details to be submitted and a maximum of 3 months to replace the existing roof.

Regards

[REDACTED]
