[REDACTED]

Planning Application Reference No.: 3/2022/0148

Address of Development: Black Horse Inn Pimlico Clitheroe

Comments: 1) I am concerned about the effect of so many cars as are likely to emerge from this narrow lane onto the highway. The proposed on-site parking will be way. There will inevitably be spillover. The sighting to the right is already very bad, the line of site usually blocked by parked vehicles. I am very surprised at the Highway Authority's casual attitude. Did they actually visit the site or just look at Google street
2) I should be surprised if much remains of the interior of the pub but the area is of historic interest regarding the quarrying industry and should have been made a conservation area long ago..
However I feel the present proposals are in keeping with those considerations.
