**Comments:** I wish to object to the revised planning application for the above property on the grounds that a 2 storey porch is not in keeping with the surrounding properties. A previous variation to the original plan was passed, supporting the assertion that the neighbours wished the building to be more in character with the other properties. If this next variation is passed, it will be a contradiction of that reasoning. The two storey porch is an incongruous feature which will detract from the character of the area, and result in a harmful impact on the visual amenities of the surrounding area.

Rooflights will facilitate the creation of more bedrooms, substantially changing the character of the original three bedroomed house, which according to the current plans is now a five bedroomed house.
