Planning Application Reference No.: 3/2022/0432

Address of Development: Fieldens arms Whalley rd mellor brook bb2 7pr

Comments: Re the application for a new orangery /extra outside tables in the past we have had problems with the noise on the car park and outside covers when it's hot weather or there is an act on etc people come outside making noise also if the doors are left open we car [REDACTED] from the pub so if the orangery doors are left open [REDACTED] up till 10.30 /11pm but not later as we have experienced on a regular basis in the past only a few weeks ago [REDACTED] in previous years there has been noise on the car park up till 5am some weekends when we have approached previous landlords they have said not there problem once customers leave the inside whether it be for having a smoke or just sitting outside in groups [REDACTED] it's like an amphitheatre the noise just echoes round so if they are putting extra tables outside that will be even more noise plus the late opening Friday and Saturday means they could be hanging around the car park till the early hours many thanks
