Comments: This summerhouse /office is our community running club hub. we meet there after a run around the Gisburn Park Estate, so I know it well. The structure compliments the village and works well in what is a beautiful English village. The recent Planting of trees, hedges and shrubs in the lower garden is stunning and (again) works well in its setting/surrounding. I know of very many villagers (running club mostly) who agree that this garden summerhouse is a credit to the designers and compliments its surroundings. Please allow this application.
