**Comments:** Since Mr and Mrs Hargreaves moved to the property , they've done nothing but enrich this house . The garden is now bursting with life , which was once unkept and the garden room has been sympathetically designed to enhance this . After regular well-being classes , a number of women come together here from the village and use this building as a sanctuary to discuss health issues and awareness. This has been vital after the covid pandemic and is such a great asset to the group that we can do this .
