Planning Application Reference No.: 3/2022/0440

Address of Development: 1 Park Road, Gisburn

Comments: I was invited to view the current garden room. Initially, I did not realise this part of the garden was associated to any of the buildings in park road.
In my opinion, this structure is very pleasant, made of natural and recyclable materials and is eco friendly (so is the proposed application).
The owners have also planted some organic plants and vegetables that are being kept in here because it also functions as a green house.
I have spent some time looking and going through the planning statement and I think that this family should be given the planning application granted in full. They have tried their best efforts to work with the council, to seek advice and guidance and have been very welcoming to the public to view the proposals.
