**Comments:** As a person who lives in Gisburn and as a member [REDACTED] I support this application. The proposed structures blend in with the surroundings and look very well designed. I walk past this address regularly, you cannot see beyond the impressive horn beam hedges that have been planted. I, along with many others in the village, hope this application is approved.

**Comments:** This application looks good, designed well to suit the houses in that area. I remember using the toilets of the new inn public house situated where the summer house is now... must say it's a vast improvement. This application gets my total support.
