Address of Development: The Warren Warren Fold Hurst Green BB79QH

Comments: I have no objection to the building of properties in Hurst Green, my objection to this development is the land upon where the buildings are planned. For over 70 years this woodland has been a habitat for wildlife and the environment which in my opinion will be destroyed if planning on this land was granted. We are all encouraged to plant new trees to assist the environment and help to reduce global warming.

If planning goes ahead we are ignoring sound advice, ripping up woodland cutting down trees and driving out wildlife that has lived there for many years.
