Comments: I oppose to this development as it will not only be an eye sore and a protentional [REDACTED] the properties within Tootle Green. This development will have a negative impact on the natural habitat all many wild life species. The road is already an extremely busy road this development will only make it worse. The noise pollution and air pollution who be worse than it is currently. The security in the area would be at risk as this development would be a place of business.
