

8.7.22. replied 10.7.22.
To whom it may concern;

Disappointed

resident,

- 1/ Disappointed by the fact that there maybe bats in the building, but your still thinking of carrying on with a planning application.
 - 2/ Surely the building itself in places, especially at the back, is a listed building. Where someone already knocked down an old bath house - where you can still see the steps.
 - 3/ Used to be a quiet road, not anymore. Wagons from Sam till quite late. Just last week workmen repaired the road, which they said was caused by heavy traffic. A few years ago we had a fire, people laying new gas pipes, which must be shaking in the ground, because of the enormous amount of traffic now, without making it any busier.
 - 4/ You want more people to visit Clitheroe. That must include Awan football fans, but where will they park. They use Pendle Road because there is not a lot of parking down at the ground.
- So NO to planning permission for a 70 bed care home.
