I have [REDACTED] and there have been a number to the market in this area. There is not a shortage of available housing the house is not needed.

2.

The proposed new house will have an extremely small garden and the existing property will have a small garden also. This is not practical and is also not in keeping with the properties in the area.

3.

[REDACTED] the proposed new house this can be seen in person. [REDACTED]

4.

The house number for the new proposed house would not be in keeping with the current number system.
