[REDACTED]

Planning Application Reference No.: 3/2022/0726

Address of Development: Victoria Terrace Mellor Brow BB2 7PL

Comments: There has been many breaches regarding trees on this site, Also merging with other planning applications to confuse the situation and destroying protected woodland. The point of a PTO is to protect, If there isn't room to build then don't allow the planning, there is already a dispute with regards to damage all ready done with this developer and damage to neighbouring trees and roots.

Lots of trees felled for no reason at the site saying had Ash dieback (they were Elm trees!)

No tree reports were done of the site to start with and lots of species were destroyed for no reason with wildlife severely effected such as bats, owls and deer. The area had a great woodland and wild life that has been now stripped on this site, Why should more damage be aloud in this area.
