Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Initial plans and elevations presented for proposed connection of main barn via a link to an ancillary barn, as detailed within design and access statement.

The principle of a linking structure between these two barns was considered acceptable subject to the assessment of the design and other material considerations. Concerns were raised regarding the impact of the initial proposals on the privacy and residential amenity of the adjacent farmhouse. However, it was stated that mitigating such impacts would be possible on the site and the scheme would otherwise be acceptable in terms of scale and materials.

It was agreed that the footprint of the proposal, in addition to the flat roof, help to make the development appear subservient to the existing buildings and would be sympathetic toward the existing relationship of built-form, in accordance with Policy DMG1. It was suggested that the design would benefit by offsetting the wall on the eastern elevation of the linking structure with the host barn and annex in order to further ensure its subservience. In addition, revising the fenestration on this elevation of the linking structure may allow for an even more harmonious relationship to existing built-form when observed from the roadside.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
