Amendments Summary

As requested the following plans have been added to the application submission

Location plan - 1-1250 from your approved supplier

Sit plan scale 1-200 from your approved supplier

Plan 22-241-08 Tree impact survey - information recorded on this plan confirms that the shrubs and trees to the outside of the boundary line of the garden will not be impacted by the construction of this structure. The base of the structure is above the level of any root zone and the canopy of all trees and shrubs has already been cut back to the boundary line by the developer. The mature Ash tree situated to the back of the neighbouring fence is infected with Ash die back and is already in the category of Diseased and dying.
