Dear Sirs,

I wish to object to the planning applications Nos.  
3/2023/0002 outside the White Lion, Market Place, Clitheroe  
3/2023/0006 “. Boots chemist, 15-19 Castle St. “  
3/2023/0008. “. 7-9 King St. Clitheroe.

I object to these on the basis that they will not fit in with the ambience of Clitheroe Town centre.  
They will be too brash and garish.

I object strongly to the proposed displays  
3/2023/000 8,6,and2. Castle Street, Market Place and King Street.  
I consider such objects to be nothing but unnecessary clutter  
and eyesores in a conservation area.  
Would film companies welcome such objects in their sights?  
I think not.

Possibly vandals would.

Food for thought..

**Comments:** I object to these applications on the grounds that the proposed structures will be totally out of character in a historic market town. This type of advertising would promote national brands and businesses, whereas Clitheroe supports local independent traders. Therefore this type of advertising would possible put damaging pressure on local business and the unique character of Clitheroe.

Dear Sir or Madam,

I wish to register my objection to the below listed planning applications.

3/2023/0008  
3/2023/0006  
3/2023/0002

It is my view that such objects are totally inappropriate for the Clitheroe Conservation Area and would be detrimental to the nature and historical background of the area.

I also consider that the application is contrary to RVBC adopted policies.

3 BT hubs but my application for a downstairs toilet turned down on the grounds a pipe would need to go through the side (unseen by public) wall? Unbelievable! Or not - this is how planning goes in Clitheroe 😞😞

On reading the planning application for these BT hubs within the centre of Clitheroe, I was horrified.

Clitheroe is an ancient market town and the proposal of BT to site large digital screens within the conservation area of the town is beyond comprehension.

**I object most strongly to these three planning applications** as they do not fit in with the character of Clitheroe, which is appreciated by so many people.

To the Planning Department

I have viewed the proposed BT Hubs in the conservation area of Clitheroe, and like many other residents I am horrified that such ungainly and ugly eyesores be inflicted on our Historic town.

I feel totally confident that our Planning Department will feel the same.

The proximity of the hubs to the listed buildings in the area , together with the fact that Clitheroe is much cherished as a centre of ancient treasures and history ,and not a modern city environment , will hopefully make BT realise how utterly inappropriate their plans are and they will withdraw them.

If they do not then we will rely on you ,the Planning Department , to refuse the application.
