Planning Application Reference No.: 3/2023/0006

Address of Development: Pavement outside 7-9 King St, Clitheroe BB7 2EU

Comments: I wish to object to the proposal to install the BT Street Hub and in particular to the garish advertising display which is entirely out of keeping with the historical nature and aesthetic of Clitheroe town centre. The Hub is oversized and the advertising display detracts from the nature of the historic buildings surrounding it. The Hub will bring little benefit to the residents of Clitheroe and I am sure the facilities it offers will be little used - who on earth is going to stand there in the rain charging up their phone or using the hub to make a phone call? Essentially it is a backdoor way of introducing a large advertising screen that nobody wants.
