Planning Application Reference No.: 3/2023/0153

Address of Development: 66 bed care home Barrow

Comments: The traffic and road noise in Barrow is shocking the area need less building and to save the open spaces that are still available. How on earth anyone can think this development or any development on the proposed land is viable clearly has not monitored the already overly busy traffic. When is this going to stop ! You are slowly taking away everyone's rights to clean open space by causing constant traffic noise and disruption. I think Barrow has had enough!
