**Comments:** Whilst we believe there is a need for a more care homes in the area, we are totally against the access for traffic through the village. We have lived in the village [REDACTED] and seen far too much development to our lovely village. The traffic and parking situation is now horrendous. Planning for the Hey Road development was only granted with access from the A59 which we strongly believe should be a planning condition on this application. Please let us retain a little bit of our lovely village and keep more traffic away, enough is enough!
